JANUARY 2024

VICE PRESIDENT MESSAGE

MOCA January 9, 2024 GENERAL MEETING:

- The January 9th 2024 General Meeting will be held at 7 pm in the parish hall of St Bernadette Church located at 7103 – 20A Street SE.
- Presentation on the MOCA Rebranding by Lindsay Hill, Fever Communications, a local Ogden resident.

MOCA Hall Renovation Update:

- MOCA hall renovations continue to move forward. As may be expected some work, such as the installation of the new water and sewer lines is taking longer than anticipated. Part of this is due to issues outside the control of MOCA.
- The upper hall is coming along with drywall work near completion. Painting is expected to begin before the end of the year. The kitchen remodel includes new cabinetry and countertops. The upstairs bathrooms are ready for plumbing fixtures to be installed.
- In in the lower hall, the removal of the tile floor and asbestos remediation has been completed in addition to some HVAC and electrical work. Work will proceed on the lower level bathrooms once the new water and sewer lines are in. The intent is to install new flooring and additional lightning. We are investigating the addition of a mobility lift down the southwest indoor stairwell.
- A big clean is planned for mid-January. This will include the washing down of tables and chairs and getting the storage and kitchen areas ready for use.
- We continue to wait on the City to issue paperwork for the approval of the development permit so the new exterior stairs and accessibility ramp, cladding, and at-grade patio can move forward. The cladding process will also include some roof repairs. We have been put on the 2024 list for consideration of solar energy panel installation.

Jack Setters Arena Update:

- Jack Setters Arena Santa Skate held on Sunday Dec 17th was a great success. View photos of the event on page 5.

Donations of gently used skates and helmets for adults and children are presently being accepted at the MOCA Office, Jack Setters Arena and at the South East Resource Centre.

MOCA Event Committee Upcoming Events:

- Green Calgary 'Spill the Beans" presentation: February 27, 7:00 pm at the MOCA Hall. Free admission. Join us for a one-hour workshop where your community will learn more about: easy food planning, storing & preserving food etc.
- Energy Efficient Future Workshop: February 13, 7:00 pm at the MOCA Hall. Free admission.
- Dueling Pianos: March 16th at the MOCA Hall. More information will be forthcoming.

VICE PRESIDENT MESSAGE

SE CCRC (South East Calgary Resource Centre)

- The SE CCRC'S Annual Craft Fair raised \$600 for United Way through the Silent Auction, and \$1004.00 from the sale of tables which was used to help pay for food for the Christmas Hampers.
- Christmas Hampers: The Center provided 15 hampers for families directly in the community and referred 100 for hampers. Many donations were received including \$3545 from Grace Anglican; \$500 from the Southridge Lion's Club; \$3000 in gift cards from Calvert Home Mortgage; 60 bags of dried goods and donated toys from Tree of Life.

George Moss Outdoor Rink

Community resident and long-time volunteer, Jeremy Chivers, has once again overseen all of the facets of preparing and maintaining the outdoor rink in George Moss Park. With this year's warm December weather, maintaining the ice has been a challenge however the ice is ready for skating. If you have any firewood to donate for use in the fire pit, please reach out to him at jeremychivers@hotmail.com.

Youth Centres of Calgary – Ogden

- The community continues to be most appreciative of the great work being done by Jane Wachowich, Executive Director, and her team of volunteers at the Youth Centre of Calgary, Ogden. Refer to page 4 for a summary of YCC-Ogden's December activities.

George Moss Park Redevelopment – Construction Progress Update (Mark Toms, Projects Manager, Parks Foundation Calgary)

- Most of the construction activities were completed prior to the end of October (site preparation, tot lot playground, pathway installation, trees, shrub plants, berms, etc.) with the construction fencing removed to allow the public and the community to use the playground and the rink.

- Construction fencing has been maintained around the sport courts as the top layer of asphalt and painting will still need to be completed in the spring. Though access has been made available for the community to use in the interim, the community and anyone using the courts, are requested to refrain from clearing snow, using salt or ice picks on the asphalt during the winter to avoid any damages to the surface. Signs have been installed which explain this.
- In the spring, the sport courts will be closed to complete final construction activities, including finishing the sport court, murals on the sport courts, signage, shrubs, furnishings, etc.
- Completion date of the redevelopment park project is slated for end of spring 2024 with an official opening celebration being planned with the community and partners next summer.

Green Line Update

Construction Updates: For a summary of the 2023 Green Line work and upcoming work in 2024, refer to the article on page 4.

Art work, done by students from Banting & Best School, has been added to the chain link fence along Ogden Road near 72 Ave.

Suicide Crisis Helpline – Government of Canada

On November 30, 2023, Canada's new, national three-digit number for suicide prevention and emotional distress was made available to everyone in Canada. The 9-8-8 Line is funded by the Government of Canada and led by the Centre for Addiction and Mental Health. For more information, refer to the 9-8-8 website: 988.ca

May 2024 be a year filled with health and happiness for one and all!

2024

Lorraine Robinson, MOCA Vice-President

THE YEAR END IS UPON US, AND YCC HAS BECOME "HOLIDAY CENTRAL"

Our kids continue to delight in the magic of our centre. Attendance at our centre continues to grow and our newest group of kids are experiencing their first time on skates this year at the George Moss outdoor rink with smiles all around.

These young skaters were invited to skate between periods at the December 18th Flames game. Meanwhile, all the lessons, field trips and activities continue, and yet we still make sure the kids with November and December birthdays paused for a cake celebration with their friends. Ogden's visiting house dog Henry doesn't eat cake, but he most certainly gets a lot of cuddles. Kids continue to work on research projects using the house laptops, and complete art masterpieces which are stuck to the walls or taken home to their families.

There wasn't much baking taken home after the cupcake class of last week, but the kids and I loved it so much that plans are in place for a crêpe class in January. Young musicians continue to hone their talents and provide a musical backdrop to the learning and activity in the house. The dream of having basketball courts across the street is now a reality at the redeveloped George Moss Park. The young athletes practice for hours, only coming in to warm their fingers around mugs of hot chocolate.

The greatest news regarding the scope of our work is the broadening of our reach into the community of Forest Lawn. Our ambitions and efforts to open another "home away from home" recently materialized when Calgary City Council members voted unanimously to approve a re-zoning application, allowing YCC to operate a youth centre in Forest Lawn and meet the multitude of needs of its youth. I'm grateful to have cleared the final hurdle to another after school oasis. Volunteer-led renovations are full steam ahead. We had much to celebrate in 2023, and we have much planned for 2024. Reach out to me if you have any questions, thoughts, or ideas, or if you'd like to visit either our Ogden or Forest Lawn home. We will be open to the kids throughout the first week in January 2024 before school resumes.

Happy Holidays from the Green Line Team!

It has been an incredibly productive year on the Green Line LRT project. As we look back, we're proud of all that we have accomplished and the strides we are making towards delivering the largest infrastructure project in Calgary's history.

A few highlights from 2023 include:

- Selecting Bow Transit Connectors as our Development Partner and kicking off the Development Phase.
- Successfully negotiating a deal to acquire the land at Eau Claire Market for the future underground station.
- Completing the final design of the trains (Light Rail Vehicles) ahead of schedule.
- Starting construction on the 78 Avenue Project to make the area around the future Ogden station safer for vehicles and pedestrians.
- Demolishing the Lilydale factory in Ramsay to prep the area for Green Line construction.

As we look ahead, the upcoming year will be the most exciting to date as we begin main construction of stations, tracks, bridges, tunnels and more. Thanks for being part of the journey with us, and stay tuned for big things in 2024!

Green Line's LRVs will be winter-ready
